# *The Binnacle*

## *For Nineteen Fifty-Three*

## ***Dedication***

*We, the staff of the '53 BINNACLE, would like to dedicate this ninth volume of the BINNACLE to Mr. John J. Carvil. Mr. Carvil was not only an alumnus and instructor but also a true gentleman. Those of us who had the privilege to know and come in contact with Mr. Carvil will long remember him. Therefore it is with the utmost and sincerest humility that we dedicate this volume to Mr. John J. Carvil.*

# ***Foreword***

The staff of the 1953 BINNACLE hereby presents the result of a year's work in the hope that our product will be worthy of the students who made it possible.

We hope that on the following pages of this, the ninth issue of THE BINNACLE, the events of the past year are faithfully recorded.

The preceding year has been one of many events and this tabloid is designed to record your activities so that you will always have a chance to recall a part of your apprenticeship.

The basic purpose of the 1953 BINNACLE is to give a measure of pleasure to its viewers. This "log" has been a source of hard work and pleasure to the staff members, and we present this, the 1953 BINNACLE, to you; may you receive as much pleasure and enjoyment from it as we did.

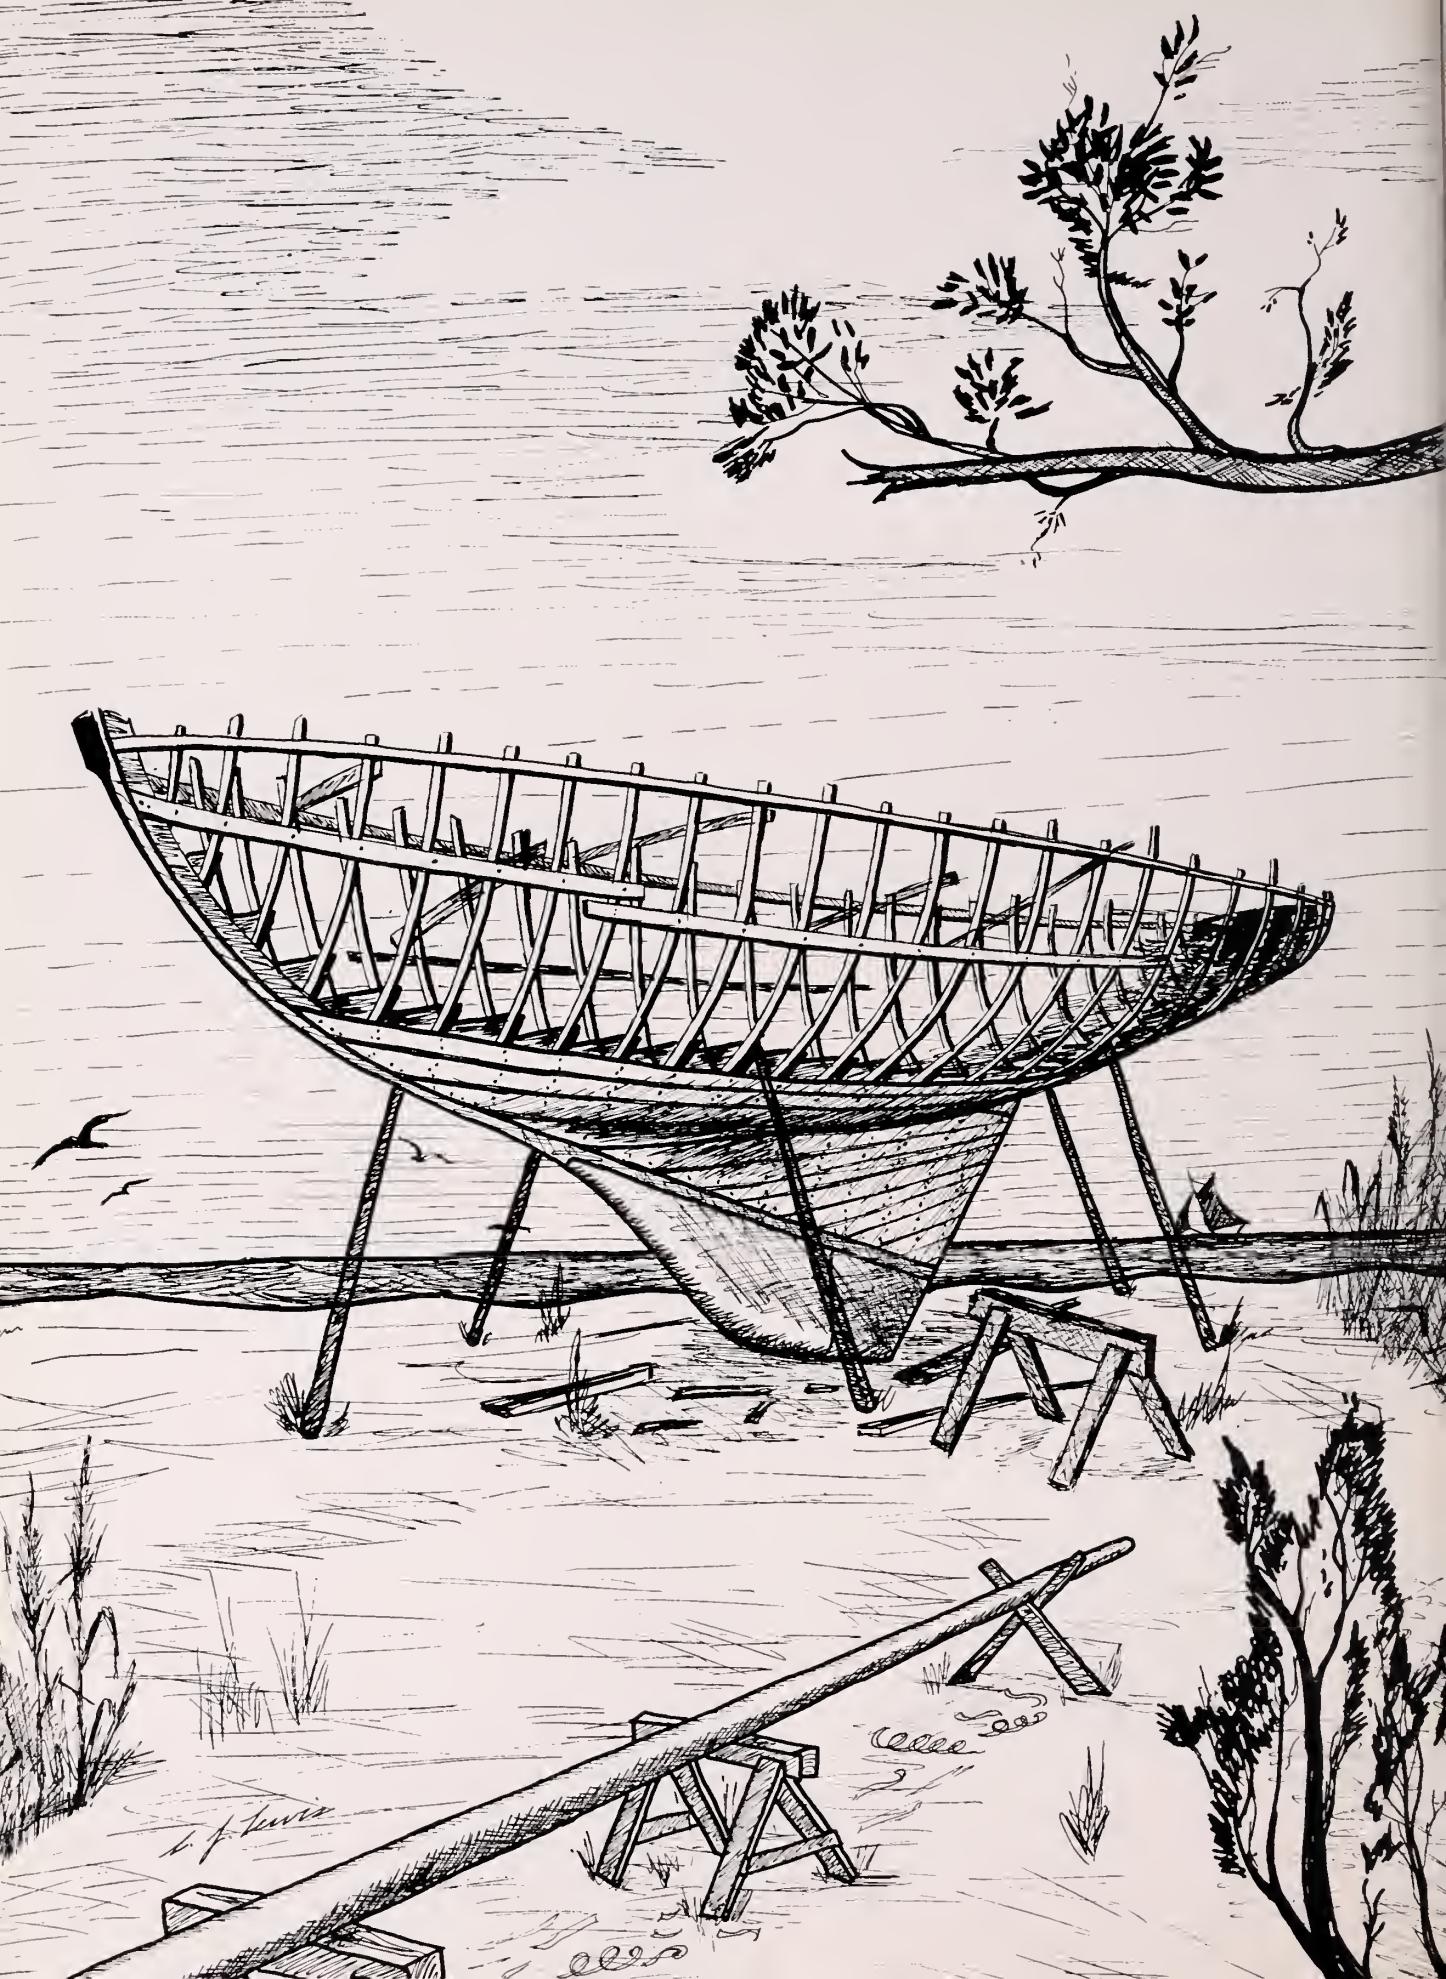

Since we are learning to build ships, we have presented our story chronologically and have used a theme of the progression of the building of a sloop in keeping with our chosen profession.

# Introduction

Administration  
The Faculty  
Graduating Class

\*\*\*\*\*

FAIRMOUNT R. WHITE is Director of Education and Training and has been associated with the Apprentice School for twenty-four years. He attended the College of William and Mary at Williamsburg, Virginia, and the American University at Beaune, France.

SAMUEL A. HICKEY is Assistant Director of Education and Training and has been on the staff of the Apprentice School since 1928. He attended the Apprentice School and completed his apprenticeship as a Patternmaker.

## *Administration*

The desire to provide an adequate force of skilled labor for the future is the motivating power behind the Apprentice School. The administration of the school functions in accordance with policies set down by the company, and derives direct financial aid from the company.

A coordinated relationship between school and shop management establishes a major uniformity of ideas in determining the policies and nature of a complete training program.

Thus, it can be realized that the foremost aim of the Apprentice School is in the achievement of results through the thorough and exact training imparted to each individual.

The administrators and faculty members are well qualified, both by educational background and training to educate and supervise the students enrolled as Apprentices, and to assist them in preparing to take their places in American industry upon the completion of their period of apprenticeship.

JACK C. SMITH  
*Business Manager of Athletics*

LUTHER H. FLOWERS  
*Staff Supervisor*

The staff, assisting in the operation of the Apprentice School, is responsible for all of the many scholastic records, as well as the distribution of books and supplies. They are in constant and close touch with the health and welfare of all the students and

maintain a fine recreational program which produces many outstanding athletes in the various fields of sport. Social life, and all student publications also are within the scope of the staff's interest and general supervision.

### JULIAN NOLLIE TRAPP

Sanford, Florida

DEPARTMENTS: Entered Copper Shop October 6, 1947; transferred to Hull Drawing Room November 8, 1948; Fitters October 2, 1951; Hull Drawing Room October 31, 1951; Fitters May 12, 1952; Steel Hull Superintendent's Office June 2, 1952; Shipwrights August 6, 1952; Mold Loft September 29, 1952; Hull Drawing Room October 21, 1952, and graduated as Hull Draftsman February 6, 1953.

ACTIVITIES: Broad "A" '49, '50, '51; Binnacle '50, '51; Student Board of Directors '49, '50; Class Vice President '50; Cheerleader '49, '50; Pi Phi Fraternity '50, Social Chairman '51, Corresponding Secretary '52; Journalism Award '53.

### JOSEPH BERRET VIOLETTE, JR.

Hampton, Virginia

DEPARTMENTS: Entered Apprentice Gallery July 12, 1948; transferred to Machine Shop February 28, 1949; Apprentice Gallery May 9, 1949; Machine Shop June 3, 1949; Machinery Installation July 5, 1949; Pipe Department October 9, 1950; Piping Drawing Room January 1, 1951, and graduated as Piping Draftsman October 23, 1953.

ACTIVITIES: Wrestling '49; Track '51, '52, '53; Monogram Club '50, '51, '52, '53; Athletic Award '53.

### PAUL EDWARDS WELLS

Richmond, Virginia

DEPARTMENTS: Entered Boilermaker Department September 27, 1948; transferred to Apprentice Gallery November 15, 1948; Hull Drawing Room October 31, 1949; Mold Loft June 2, 1952; Fitters August 4, 1952; Shipwrights September 29, 1952; Steel Hull Superintendent's Office December 1, 1952; Hull Outfitting Superintendent's Office February 2, 1953; Hull Drawing Room June 1, 1953, and graduated as Hull Draftsman November 20, 1953.

ACTIVITIES: Binnacle Feature Editor '51; Student Board of Directors '49; Class President '49, '50; Softball '49, '50, '51, '52, '53; Glee Club '49.

**DANIEL GODFREY WEST, JR.**

Newport News, Virginia

DEPARTMENTS: Entered Electricians Department July 14, 1947; released for military service August 11, 1950; reinstated in Electricians April 21, 1952, and graduated as Electrician April 23, 1953.

ACTIVITIES: House League Basketball '47, '48; Track '48; Bin-nacle '48; Student Board of Directors '48, '49, '50; Niels Christiansen Craftsmanship Award '53.

*Classrooms*

*Athletics*

*Activities*

*Freshman Class*

Twice each week the Apprentices attend Mr. Givens's Math Class. This continues throughout the first three years of their course. The fourth and final year is devoted to practical application in the shop of the theories and practices learned in the classrooms.

Here is a typical scene in the Hull Drawing Room. Apprentices with excellent grades during their first year are given an opportunity to transfer to one of the many drafting rooms, and their course is then extended to a five-year period instead of the usual four.

Boys assigned to drafting rooms attend classes in advanced mathematics five days per week for a period of time since their endeavors in the field of planning and layout require a more thorough knowledge of figures, angles, stresses and strains.

This is a scene in another of the many drawing rooms at the shipyard. Here, in the Engineering Division, many of the finer and more intricate phases of ships design and layout are placed on paper so that the men in the shops can correctly carry out the ideas of the designers of some of America's finest ships.

# On the Diamond

The Apprentice Baseball Team, under the tutelage of Coach John Burns, had a very successful season by winning eight games and losing two. Thus the Apprentice record of never having a losing season in baseball since reorganizing in 1948 still stands.

The A's opened the season in fine fashion by beating Medical College of Virginia by a score of 9-1. Haskins' 3-hit pitching and the hitting of Corson and Strider led the way for their victory.

The victorious ways of the A's continued as they beat Wilson Teachers 11-9 in their second game.

The A's suffered their first loss at the

hands of Chowan College, 5-3, in their third game.

The season's record for the A's was leveled off as Randolph-Macon overpowered them 12-2 in the fourth game.

After suffering two straight losses the A's got back on the victory path with a 7-3 win over W. & M. Division and continued on to end the season by winning six straight games. These wins came over Medical College of Virginia, 18-17; R.P.I., 11-1; W. & M. Norfolk Division, 11-6; Chowan, a team they lost to earlier, 3-0; and R.P.I. again, 13-3.

Because of the games played in, loyalty to team, and practice attended, the follow-

*Kneeling, left to right: Bob Hammonds, Bill Reynolds, Tom Jones, Russell Strider, Win Tingle, John Collins, F. E. Collier. Back: Coach John Burns, Manager Donald Welch, Gene Corson, Bob Lincoln, Billy Haskins, Bill Hulin, Walter Dupree, Archie Healy, Vernon Harris (Manager).*

ing Apprentices received letters or stars for the '53 season: F. E. Collier, Bill Reynolds, Russ Strider, Bob Lincoln, Gene Corson, John Collins, Walt Dupee, Bill Hulin, Bob Hammonds, Bill Haskins, Tom Jones, Archie Healy, John Harwood, Tenny Soles, Tommy Bratton, V. L. Harris (mgr.) and F. D. Welch (scorekeeper).

In compiling their fine 8-2 record the Apprentice leaders in Batting Average: Collier and Strider, .357; Number of hits: Strider and Collier, 15; Extra Bases: Corson, 4 HR, 2 triples, 2 doubles; Runs batted in: Corson, 14; Stolen Bases: Lincoln, 6; Runs Scored: Collier, 13; Pitching: Haskins, 4-1; Hulin 3-0.

*Left to right:* Bert Bucklen, Billy Ayers, Mel Davis, Fred Griscom, Coach "Granny" Gresham, Bob Allen, Johnny Muir, George Clevinger.

## *Our Track Squad*

Lack of depth was one of the primary contributing factors as "Granny" Gresham's cinder men went through their second consecutive winless season, losing three dual meets and placing third in a triangular meet.

In the first meet of the year, the A's played host to a powerful aggregation from Catholic University and were never in the meet after the 4th event as they lost by a score of 80-42.

In their second meet the A's traveled to Williamsburg where they held the Indians of W & M in close rein until the last few events before falling far behind and losing

by the score of 71-49.

Next the cinder men traveled to Norfolk where the superior depth of the Division team had a telling effect and our team went down to their 3rd successive defeat, 72-50.

In their last meet of the season the A's played host to the W. & M. Division team and Hampton-Sydney in a triangular meet. The A's jumped to a quick lead but could not hold it and wound up on the short end of the score. The Division finished first with  $63\frac{1}{2}$  points, followed by Hampton-Sydney with  $47\frac{1}{2}$  and the A's with 37.

*Secretary-Treasurer*

## ***Student Board of Directors***

Only as a result of the continuous energies and efforts set forth by industrious apprentices, have we attained a higher format of self-government. Diligence is the embodiment of the Student Board of Directors of the Apprentice School, and therein lies the essential element of success of the organization. Through keen observance of rules and procedure the students have not only established a thorough governing body, but have gained much in producing an essential tie of unity throughout the school. In effect, the constituted pow-

ers of the Student Board of Directors shall encompass the election of officers, the enactment of any by-laws or rules conferred by the constitution, the appointment of committees, the chartering of school clubs or societies, and the appointment of vacancies to the Student Board of Directors.

Presiding officers of the Student Board of Directors consist of the President, Vice President, and Secretary-Treasurer. The tenure of any of these offices is the completion of one school year, and in order to hold either position of president or vice presi-

dent, a student must have completed two years of his apprenticeship and have maintained a scholastic grade above average in shop as well as class work for this period.

Delegates and alternates are elected by popular vote within their respective departments. Election for officers of the Student Board of Directors is conducted annually at the beginning of each school year by popular vote of the Student Body.

An Apprentice may, through proper representation of his department, become a member of the Student Board of Directors at any period during his apprenticeship. Nominations for any office are generally submitted by petition and the final vote is taken by ballot. All members of the Student Body are eligible to vote in every election, thus utilizing the constituted right established by our forefathers.

Sanders, W. S. Pendleton. *Third row:* W. R. Cree, C. E. Kelly, W. A. Taylor, M. A. Gaylor, B. H. Hammonds, C. R. McCormick, E. L. Hammock. *Fourth row:* B. J. Huff, J. L. Coffin, R. L. Austin, L. D. Riley, C. L. Blinson, T. A. Caldwell, N. B. Stall, D. L. Barrick. *Fifth row:* R. D. Rew, C. R. Parker, L. W. Croswell, J. L. Martz, W. C. Pair, M. L. Jolly, R. J. Whitley.

# *Spring Dance*

The Apprentice Athletic Building was the setting for the Spring Dance of 1953. The dance was a semi-formal affair with music furnished by a local orchestra. Arrangements were made for a band stand to be erected at one end of the gym floor while at the other end of the floor was a realistic water scene, complete with sail boats stretching from wall to wall.

Dim overhead lights illuminated the dance floor while the lighting effect in the wings of the gym consisted of a glowing candle on each table.

Mrs. Pullen presided at the refreshment table, assisted by members of the student committee.

### ***Informal Snaps***

All of the above scenes are from a most pleasant evening spent at our Spring Dance. Everyone seems to be having a grand time. Mark Smith and his lovely date in the upper left photo were surprised by the photographer. Herman Griggs and the missus danced all evening. The boys in the center did a swell job on the decorations, and the two lower photos are further evidence of our response to good music.

# Summer

Shop Scenes

Athletics

Activities

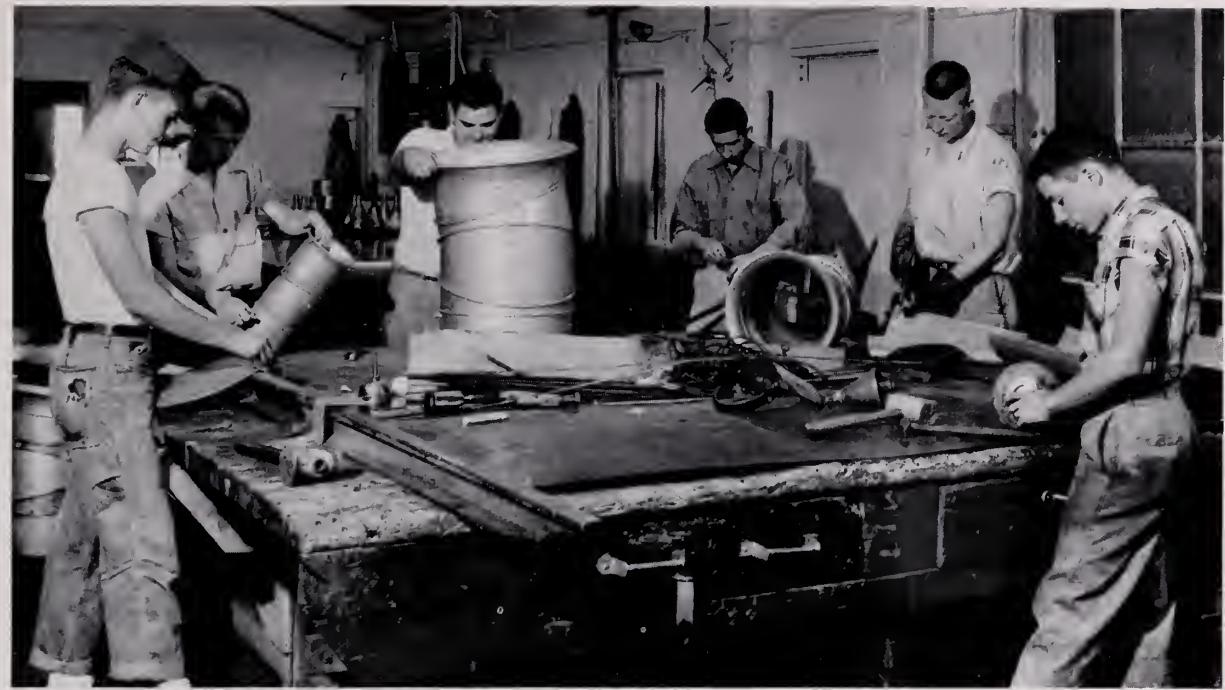

Sophomore Class

In the Pattern Shop, wooden models are made of the various parts, so that moulds may be then made for the preparation of castings.

In the Apprentice Gallery, those boys who will become Machinists, learn the basic functions and uses of small machinery as the ground work for their eventual progression to larger and more intricate machines.

In the Sheet Metal Shop, the Apprentice learns about the construction of cabinets, furniture, ducts, and many other uses of tin and other sheet metals, as well as the handling of the various machines used in this shop.

Pipe fitting, threading, and bending are only a few of the many phases of pipefitting an apprentice becomes familiar with in this fully-equipped Pipe Shop.

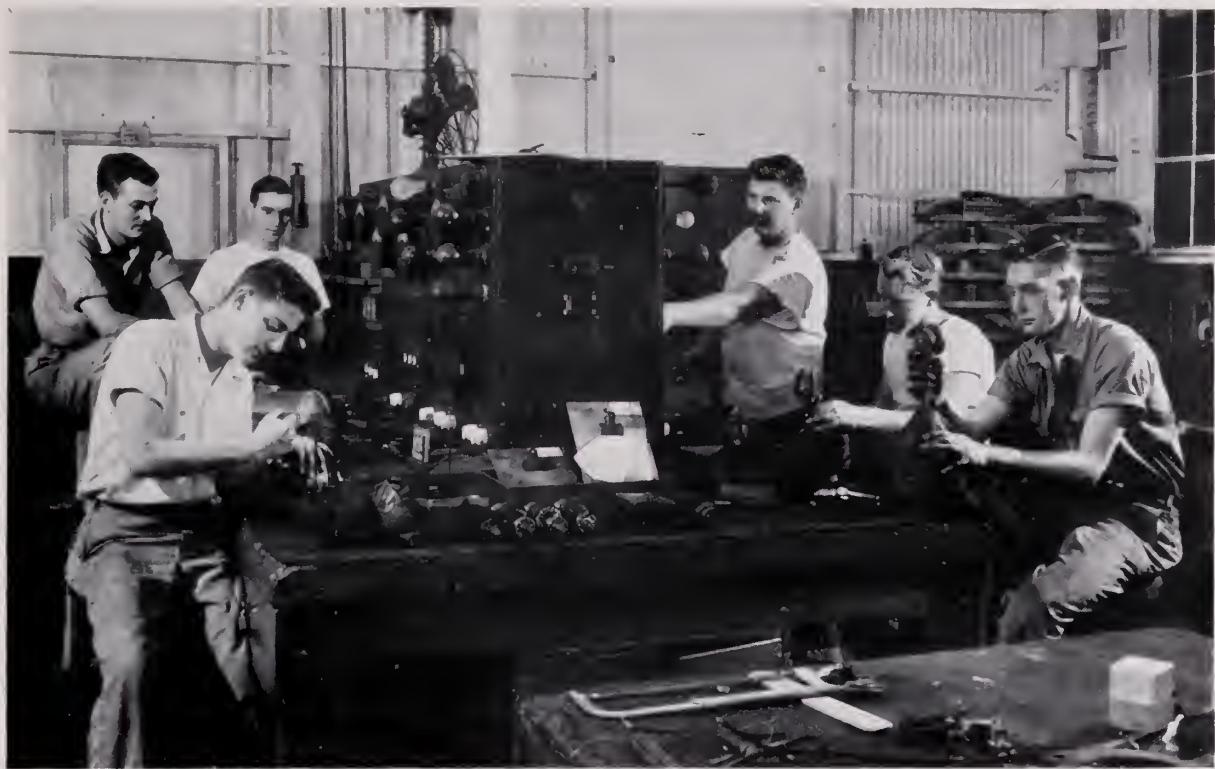

Here in the Mold Loft the preliminary lines of the new ships are laid out to full size of the Mold Loft floor. Also many templates, both paper and wood, are constructed here to aid the other departments in their work.

Here in the Foundry much sweat and rough, hard work is required to make all of the many castings from molten metal which are required in the construction of the various ships throughout the Yard.

The Electrical Shop is where the Apprentice learns the rudiments of electricity and its uses in and around the Shipyard. The repair and rewinding of motors is one of the first things an apprentice learns about in the maintenance part of this shop.

Apprentices may spend up to several months in the Welding School in order that they become thoroughly familiar with the proper welding procedures and the correct use of the equipment. This is a very important step in his training, since welding plays a large part in the construction of a ship.

*Front, left to right: Frishkorn, Sebra, Hurst, Hargrave, Gaylor. Back: Church, Miller, Howard, Bucklen, Hass, Jones. Missing from picture: Webb (Coach), Pendleton, Allan, Hammonds, Conwell, Minter, Hayes, Morrow, Stinnett, Hill, Austin.*

JOE WEBB  
*Coach*

## *Softball*

The Apprentice softball team experienced one of their worst years in the Shipyard Softball League in 1953. The A's finished in 5th place in the first half standings with a record of 4 wins and 4 losses and repeated in fifth place in the second half with a record of 4 and 7. They also wound up in 5th place in the final standing with a total record of 8 wins and 11 losses and missed out getting in the play-offs by one place.

## ***J-V Baseball***

The Apprentice J. V.'s, though not playing extraordinary ball, did finish the year on the big end of a 10-8 won and lost record in the Shipyard Baseball League. The J. V.'s finished the first half in 4th place with a 6 and 4 record, repeated in 4th place in the second half with a 4 and 4 record and also placed 4th in the final standings with their 10 and 8 record. In the play-offs the J. V.'s lost 2 straight to the top-seeded Pipe Coverers, who went on to win the championship.

## ***Summer Dance***

The Original Club was the scene of the Annual Apprentice Summer Dance sponsored by the Apprentice Monogram Club. DeWitt Cooke and his Orchestra supplied the music to which the Apprentices and their dates "tripped the light fantasy". Refreshments were served, and a delightful evening was enjoyed by all.

*Left to right:* Mr. Vannory, Don Welch, Clyde Blasingame, George Clevinger, Jerry Lawrence, Tom Jones, John Collins, Jim Martz, Jim Barron, Vernon Harris, Bob McKinney.

## ***Apprentice Bible Study Club***

Organized in the summer of 1952, the Apprentice Bible Study Club was inaugurated with the prime purpose of offering a spiritual outlet for the student body of the Apprentice School. Since its beginning the interdenominational Christian group has grown from 8 to 25 in membership. Qualifications to join the Bible Study Club are specified in its constitution which was drawn up soon after its beginning and passed by the Student Board of Directors.

Basically the Club's motto, "We shall all strive in one accord for the Glory of God by the grace of our Lord and Saviour,

Jesus Christ," fully expresses the meetings conducted once a week. Included in the evening get-togethers are the singing of Christian hymns and testimonies, highlighted with a devotional message by a local minister, layman or Christian worker. Films on missions, evangelism and the Christian life are also featured.

The governmental structure of the Apprentice Bible Study Class is headed by a chairman, vice-chairman, secretary-treasurer, and a song leader, each of whom change office every quarter at the vote of its members.

## *The Apprentices Relax*

As June approaches and summer is on its way, the prospective brides are not the only happy people, for after nine months of school work we, too, are happy to welcome the month of June and vacation time.

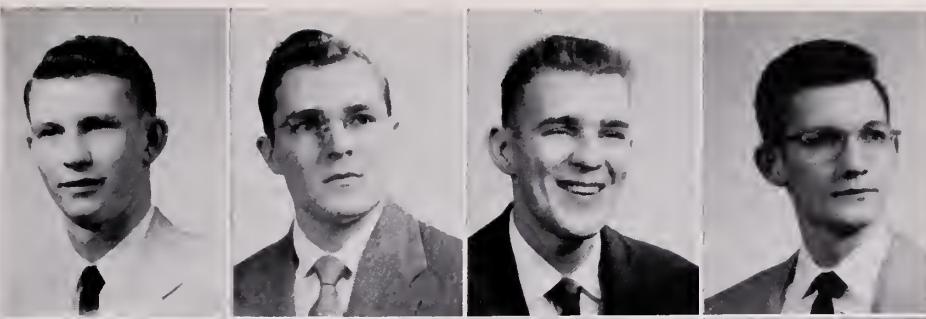

## ***The Comforts Of Home***

Apprentices are quite fortunate in having a large dormitory and cafeteria to serve them. Above are a few snapshots showing members of the dormitory staff at work keeping things in order and making "our home away from home" more comfortable and enjoyable.

# On The Gridiron

The Apprentice Varsity Football Team played a schedule of seven games in 1953 and though failing to win a game they displayed the courage, determination, good sportsmanship and will-to-win typical of all Apprentice teams. The players turned out enthusiastically both for spring practice and the regular season and under the capable coaching of our new head coach, Frank Masters, were shaped into a fine team. The team was composed of twelve returning lettermen and they received very able assistance from fifty other fine prospects who

worked hard for a position on the team. Due to the lack of experience and bad breaks the team could not come through with an effective scoring thrust. On numerous occasions the team would move inside the opponent's ten yard line, but failed to have that final surge of power needed to make the touchdown. Although dropping every game, each man gained a keener understanding of sportsmanship and team work and should be commended for their devotion to the school and the team.

*Front, standing:* Head Coach Frank Masters. *Front, kneeling:* End Coach Robert Holley, Line Coach John Landis, Backfield Coach Orlando Fasano, Line Coach Dewey Stinson. *First Row, left to right:* Alex H. Dishner, Theodore Stephens, Donald G. Hurst, Fred A. Harrell, Robert K. Belcher, Luther T. Taylor, Charles S. Padgett, Quentin R. Smith, Carl R. Parker, Thomas B. Sanders. *Second Row:* T. Winston Parker, Donald K. Rew, Jerry J. Campbell, Co-Captain Melvin C. Davis, William (Pat) Phillips, Robert C. Lincoln, John R. Collins, Arthur C. Burris, Troy D. Flinchum, James E. Sandstrom. *Third Row:* Edward B. Harris, Donald L. Murren, George P. Gunning, Richard A. Beeler, Alex M. Phillips, Robert O. Sutherland, Kenneth C. Richardson, Moye W. Woolard, N. A. Barnes, Jim A. Hill, Stephen J. Bober, George I. Hammer, James A. Miller, John F. Marozza, Co-Captain Joseph F. Smith. *Fourth Row:* L. Clyde Blasingame, Robert A. Rassman, Thomas T. Bales, Norris W. Edwards, John L. Coffin, Billy W. Ayers, Horace R. Edwards, Daniel H. Schoolar, Richard I. Brumback, Eugene T. Reid.

For the first game of the season the A's journeyed to Farmville, Va., to meet an old rival, Hampden-Sydney. Hampden-Sydney's powerized running game struck early in the first quarter, stalled through a fumble-packed second and climaxed an 18-0 victory over an inexperienced Apprentice team. The A's, playing their first game behind the new quarterback, Pat Phillips, couldn't seem to click on the offense and could not stave off the attack of the powerful Tiger offense.

The first home appearance of the season for the Apprentice was spoiled by a belated explosion in the opening minutes of the second half by Randolph Macon. The Yellow Jackets gathered two tallies in the first two minutes of the second half and went on to hand the A's their second blanking of the season.

A determined Apprentice line battled Bridgewater College off its feet for two quarters before the Eagles pushed across a touchdown early in the fourth quarter to hand the A's a 6-0 defeat. The A's best scoring chance came in the closing minutes of the second half but time ran out before they could score.

The William and Mary Freshmen did all their scoring in the first half as they earned a 13-0 victory over the Apprentice School gridders. Mel Davis was the big gun in the "A's" gallant comeback in the second half as they tried to get their offensive machine clicking. When it looked like the A's might score, a fumble or intercepted pass always seemed to intervene.

The Apprentice met Shephard College for the Homecoming game of the season, but once more their hopes were shattered as they fumbled away their chances to score and dropped the fifth game, 15-0.

The Apprentice broke into the scoring column for the first time against Wilson Teachers College, but dropped the game, 24-7.

# Athletic Awards

The Hotel Warwick was the scene of the Annual Monogram Banquet at which monogram certificates and awards were presented to those Apprentices who had shown outstanding ability in their respective fields. A total of 81 monograms were awarded which included 34 for football, 17 for baseball, 14 for basketball, 14 for track, and 2 for cheerleading. The Peninsula Sports Club also presented "Outstanding Lineman and Back" Awards to F. A. Harrell and M. L. Davis. Mr. Glen Givens was the after dinner speaker and presented his topic in a most enjoyable manner.

*Top:* Frank Masters presenting N. A. Barnes with his football award. *Bottom:* Bill Castelow receiving his award in basketball, presented by "Pop" Lamkin.

*Top:* F. E. Collier receiving his baseball award, presented by John Burns. *Bottom:* Jack Smith presenting R. E. Oliver his track award.

*First row, left to right: Barbara Eades, Carol Powell, Art Mashburn. Second row: Paul Stergin, Joan Smith, Betty Bozart.*

## ***Cheerleaders***

All Apprentices owe a special vote of thanks to our cheerleaders. Their job is too often a thankless one but they never stopped in their efforts to promote better spirit among the spectators at the games. We are especially grateful to the charming Riverside Student Nurses who volunteered their services as Cheerleaders. Our congratulations, cheerleaders, on a job well done.

*Front, left to right: Carol Powell, Betty Bozart. Rear: Barbara Eades, Joan Smith.*

With their membership at an all-time high the Apprentice Monogram Club got off to an energetic start in 1953. The Club held meetings twice each month at the Original Club. They planned, as their major social event of the year, the Annual Monogram Club Memorial Day Dance. This gala affair was held at the Grand View Ballroom with a large number of guests in attendance.

On December 9, 1953, the first Annual Apprentice Athletic Association Monogram Banquet was held in the Palm Room of the Hotel Warwick. R. B. Hopkins, Advertis-

ing and Publicity Manager of the Shipyard, presided, and the program consisted of the following: Recognition of Coaches and Guests, F. R. White, Director of Education and Training. Presentation of Basketball letters by G. E. Lamkin, Basketball Coach. Presentation of Track letters by Granville Gresham, Track Coach. Presentation of Baseball letters by John Burns, Baseball coach. Presentation of Football letters by Frank Masters, Football coach. Presentation of Sports' Club Award by Charles Karmosky, Sports Editor of the Daily Press. Address by Glen G. Givens.

## ***The Binnacle . . . Our Yearbook***

In each job much work is required to not only finish the task but to produce the finest result possible. That is what the staff of the 1953 Binnacle hopes they have done with this volume. The hours of work here were many, with most of the job being done at night.

The staff was headed by L. E. Holloman, Editor-in-Chief. Other heads were N. A. Barnes, Business Manager; C. L. Smith, Class Editor; R. J. Whitley, Feature Editor; O. B. Bucklen, Sports Editor; C. J. Lewis, Art Editor, and M. A. Jones, Photographer. Especially do we thank Colleen Everett as sponsor.

Many others have had a hand in this job and without their help, the annual would not have been possible. Space does not permit the listing of all the boys who have helped, but they can rest assured their help was welcomed and appreciated.

L. E. Holloman, *Editor-in-Chief*  
J. C. Smith, *Advisor*

# *Our Fall Dance*

As fall arrives and football season opens, everyone gets in the mood for dancing. Following each home game we had an informal dance at the Dormitory where we all gathered to discuss the highlights and lowlights of the game. Music for dancing was furnished by many of the famous bands of the land. These bands were heard from

recordings turned by the juke-box. So what? We still had a great time. For our homecoming dance held at the Original Club, music was furnished by a small local orchestra. Refreshments for the dances held at the dormitory were in charge of Mr. Roberts and Mrs. Brittingham, manager and house mother, respectively.

*Juniors . . . The Class of '55*

# *Class History*

The Class of '55 originally started with 172 new Apprentices who entered between January First and December Thirty-first of 1951. Many of the boys have been active in Athletics and other extra-curricular activities and have a noteworthy record. The present officers are R. I. Brumback, President, L. F. Kaserman, Vice-President, and L. D. Riley, Secretary-Treasurer.

The Senior Class

# Mariners Museum

The Mariners Museum is a comparative newcomer in the ranks of American museums of international significance. Twenty-four years ago, as these lines are written, Archer Milton Huntington envisaged a non-profit educational institution intended to help make America sea-minded. It was to comprise a nautical museum, together with an artificial lake and a park for the preservation of local flora and fauna. The Museum's purpose is clearly stated by the inscription on the bronze doors at the entrance, which reads as follows: "This Museum is Devoted To The Culture Of The Sea and Its Tributaries — Its Conquest By Man And Its Influence On Civilization."

The growth of the Mariners Museum may be directly attributed to the experience and wisdom of Archer M. Huntington, who has built and placed in operation a number of other museums. Thus the

Ornamental lions guarding the bridge entrance to the museum.

Monument commemorating Collis Potter Huntington located on the grounds.

founder set down succinctly the principles which have so successfully guided us to the present. And he so planned with the thought that any reasonable requests for information about the sea could be met through the Museum's resources.

Its location near Newport News was influenced by the fact that the Hampton Roads area is essentially a shipbuilding and sea-going community where modern ships of peace and war may be seen, and where the history of ships and sailors can, therefore, best be studied. To this end, the management, through a self-perpetuating Board of Trustees has been vested in those having professional interest in shipbuilding and in ship operation.

The BINNACLE staff wishes to thank the personnel of the Museum library for furnishing us with the afore-stated information and the accompanying pictures.

## On The Basketball Court

The 1952-53 basketball team experienced their best season in 11 years as they won 13 of their scheduled 19 games. Using Coach Lamkin's brand of fast moving basketball, the Apprentice team compiled an amazing average of 81.2 points per game and at the end of the season were ranked nationally by a national survey board on basketball.

The nucleus of the team was formed around the starting five which consisted of Guard Billy Castelow, a fine defensive man who

could also shoot from any position, Guard Bob Lincoln, the floor general with a very accurate one-hand push shot, Center Billy "Bones" Haskins, an excellent rebounder with a fine hook shot, Forward Philip "Flip" Allen, a most deceptive little man who constantly stole the ball, and Forward Roy Cowley, also a fine rebounder and a hard man to stop under the basket. The reserves also proved to be very capable and contributed much in making a successful season.

*Standing, front: Coach "Pop" Lamkin. Kneeling, left to right: O. D. Trammell, Lou Liberty, Bob Lincoln, Phillip Allen, Billy Castelow. Standing: Larry Miller, Walter Dupee, Roy Cowley, Billy Haskins. "Mickey" Neubaum, John Harwood, Bill Leggett, Assistant Coach Jimmy Boyle.*

# Action

The little man "down under" is the A's Bob Lincoln who came up with the ball as "Bones" Haskins rushes in to assist.

"Oops, missed," is what the Medic's "Stik" Henderson is thinking but from the expression on "Bones" Haskin's face, he didn't miss entirely.

Here is some real fancy jumping, all of which will eventually lead up to 2 more points for the A's.

Opposition sinks one

The Apprentice Cagers started their season slowly as they dropped 3 of their first 4 games but then only dropped 3 of their remaining 15 games. In their first game the A's couldn't get moving right and lost to the Norfolk Division by a score of 66-61. They bounced back in the second game and outclassed the University of Richmond J.V.'s to the tune of 88-54. Then the Cagers dropped two in a row, to the Norfolk Naval Base by the score of 87-65 and a real close one to the Yorktown Naval Base by a score of 85-83.

After that the A's won four games in a row before dropping another. They downed Wilson Teachers 96-85 in overtime, romped over the W & M J.V.'s to the tune of 72-44; defeated R.P.I. 87-65 and downed Wilson again 73-61. Their streak was broken when Medical College of Virginia came from behind and trimmed the A's, 94-90.

The A's then proceeded to win 3 in a row, gaining revenge on the Yorktown Naval Base team by a score of 82-69, upsetting Norfolk Naval Base, 90-71, to avenge another loss and repeating a win over the University of Richmond J.V.'s by the score of 80-68. This streak ended when Randolph-Macon turned back the A's, 79-70.

Again the A's won three in a row, this time downing the W & M J.V.'s 98-86, topping the Medical College, 88-84, to avenge still another loss and again taking the measure of R.P.I to the tune of 87-68. Hampton-Sydney was the spoiler this time, topping the A's 85-72.

The Apprentice Cagers closed their schedule by beating Westinghouse, 75-66, and reversing a previous loss by downing Norfolk Division by a score of 85-61.

## ***The Annual Christmas Party***

The Apprentices held their second annual Children's Christmas Party on Friday, December 11, 1953, at the Athletic Building.

Each Apprentice contributed to the funds which provided the means for the purchasing of gifts and goodies for the children. Each Apprentice was responsible for a group of children and provided transportation for them to and from the party.

There was a showing of movies which included "The Night Before Christmas" and "Mighty Mouse". Mr. F. Malloy, a

magician, performed for the group and held the children spellbound. Stergin lead the group in singing Christmas Carols; some of the children rendered solos and duets. The room echoed with their singing when all of a sudden the sound of sleigh bells was heard. A hush of silence fell around the children and in came Santa, played by "Bug Eye" Eden, with a hearty laugh and his pack full of gifts and goodies for each child.

The Apprentices knew that their mission had been accomplished when they saw the happy expressions on each little face as they said goodnight.

## *The Pi Phi Fraternity*

The Pi Phi Fraternity was organized in Rochester, New York, on October 10, 1878, at the Rochester Free Cults Academy. Nineteen members decided to band themselves together for the promotion of their social aspirations and the advancement of their well formed and firm friendships. For three years Pi Phi prospered in Rochester, and word of its fame was rapidly spreading throughout the land. Soon applications from many schools were received for membership, and in September, 1881, the Charter was granted, and Pi Phi started on its road to national fame. Today's membership is some twelve-thousand as compared to that original nineteen brothers to whom we owe thanks.

Pi Phi today has the distinction of being

the oldest national secondary fraternity in continuous existence, never having been inactive since that day in 1878, despite wars and depressions. Pi Phi also has the oldest fraternity house in existence today, located at the New York Military Academy.

Our Chapter, Gamma Zeta, was formed in July 1948, by a group of Apprentices who thought that the functions of the fraternity would increase brotherhood and friendship.

Gamma Zeta has many social events during the year such as Christmas parties, Valentine's Day Parties, Installation Banquet, Founders' Day Banquet, Halloween parties, dinner meetings, beach and bowling parties.

*Seated, left to right:* Rodney Carroll, Q. Miller, John Collins, Bill Reynolds, Homer Cuddy, Fred Griscom, Bill Covington, C. J. Coats. *Standing:* Art Mashburn, Sammy Allison, N. A. Barnes.

## *Our Winter Dance*

The Apprentices welcomed in the new winter season and the Christmas holiday with a gay ball held at the Apprentice Athletic Building. The gym was beautifully decorated in bright Christmas colors

and the fine music and delightful refreshments combined to make a pleasant evening and a fine start for an enjoyable holiday.

# Conclusion

Scholastic Awards  
Commencement  
Student Roster  
The Advertisers

Group on the speakers' stand during Graduation Exercises with W. E. Blewett, Jr., presiding. Others shown, from left to right, are R. I. Brumback, President of the Student Body, F. R. White, N. L. Rawlings, J. B. Woodward, Jr., Dr. Paul K. Buckles, and J. D. Peterson.

## *Scholastic*

Each year at the Graduating Exercises, awards are presented to those Apprentices who have distinguished themselves in athletics, journalism, craftsmanship and scho-

lastic ability. Primary among these awards is the Homer L. Ferguson Award, presented to the graduating Apprentice who has maintained the highest average, during his

Mr. J. B. Woodward, Jr., shown presenting Certificate to Fred G. Lewis.

Mr. W. E. Blewett, Jr., shown addressing the Graduating Class.

J. D. Peterson shown presenting Niels Christiansen Craftsmanship Awards to A. B. Elmore and W. B. Miffleton, Jr.

J. G. Lemay shown receiving his journalism award from Mr. F. R. White.

## Awards

apprenticeship, in his combined academic and shop grades. This year's recipient of this award was James Hermon Johnson, a Piping Draftsman.

W. W. Hunter, Jr., O. B. Bucklen, M. L. Davis shown receiving Charles F. Bailey Awards from Mr. J. D. Peterson.

In addition to this award there was also presented three Charles F. Bailey Scholarship Awards, five Niels Christiansen Craftsmanship Awards, fourteen Athletic Awards and seven Journalism Awards.

R. I. Brumback, President of Student Body, presenting his welcoming address.

# *Commencement*

The Annual Apprentice School Graduation Exercises were held at the Apprentice Athletic Building on Friday, January 22, 1954.

The President of the Yard, W. E. Blew-

ett, Jr., presided, and the principal address was delivered by N. L. Rawlings, Executive Vice-President and General Manager.

J. B. Woodward, Jr., Chairman of the Board of Directors, presented the fifty-one

# January 22, 1954

Apprentices present with certificates of graduation.

The invocation and benediction was rendered by Dr. Paul K. Buckles.

The class colors were Maroon and Gold;

class flower, white carnation.

Plus Ultra, the class motto, revealed the high ideals prevalent among the Apprentice graduates.

The Staff of the '53 BINNACLE wishes to acknowledge the assistance they received from various individuals in publishing this edition of the yearbook. Most specifically we would like to thank the following without whose help this book could not have been published:

Mrs. Colleen Everett, our Sponsor, and Miss Jane Dibble for doing all of our typing and most of our research; Mr. B. J. Nixon, Shipyard Photographer, for the yard scenes and athletic portraits; The Daily Press for the sports action shots; Mr. J. C. Smith for his valuable guidance; Mr. W. T. O'Connor, Representative of Jahn & Ollier Publishers, for his vast aid in preparing the dummy of the book and other help he gave to us in carrying the yearbook through; The Mariners' Museum for the photographs and information regarding the Museum; and to the Advertisers who truly make the book possible.

We all know that without the aid of the following pages this book would be financially impossible. So let's get out and show our appreciation by patronizing these fine, fine people—our advertisers.
